

**GOVERNMENT OF ANDHRA PRADESH  
ABSTRACT**

RWS - Installing R.O. Plants in Bapatla Parliamentary Constituency covering Guntur and Prakasam Districts – Reg.

---

**PANCHAYT RAJ & RURAL DEVELOPMENT (RWS-II) DEPARTMENT**

G.O.Rt.No. 69

Dated: 28.02.2009

Read the following:

1. From the Engineer-in-Chief, RWS & S, Hyderabad Lr No. T2/DEE(T)/RWS&S/R.O. Plants–Bapatla P/C/2008, Dt:31.12.2008.
2. From the Engineer-in-Chief, RWS & S, Hyderabad Lr No. T2/DEE(T)/RWS&S/R.O.Plants–NRT Division/2009,Dt:19.01.2009.
3. From the Engineer-in-Chief, RWS & S, Hyderabad Lr No. T2/DEE(T)/RWS&S/R.O.Plants–NRTDivision/2009,Dt:20.02.2009.
4. From the Engineer-in-Chief, RWS & S, Hyderabad Lr No. T2/DEE(T)/RWS&S/R.O.Plants–Bapatla/P/C/2008 /2009 ,Dt:20.02.2009.

**ORDER:**

Proposals have been received from the Engineer-in-Chief, Rural Water Supply & Sanitation (RWS&S), Hyderabad reporting that certain habitations of Guntur and Prakasam Districts are facing problems of fluoride and salinity in their drinking water source. The Engineer-in-Chief, (RWS&S), Hyderabad has also got the water quality of different localities of these habitations verified by a special team of technical personnel to ascertain the portability issue of the drinking water supplied in the habitations. Based on such verification, reports have been made to the Government for sanction of Reverse Osmosis (RO) Based Purification Plants in 204 habitations.

2. Government after due consideration of the proposal hereby accord sanction for suitable R.O. Plants in 204 habitations of Guntur and Prakasam Districts as given in the annexure. These plants should be installed following the principle / model laid down below:

- (a) The technology and machine providers must also have the responsibility to maintain the system and payment will be linked to the service provision of giving the required quality as well as quantity of water in each of the habitation /locality in the habitations for a period of 10 years.
- (b) The over all supply of water for the location /area of the habitation would be calculated taking into account 2 cans of 20 litres (40 litres) for each family per day getting served now from quality affected source and the same will be indicated before calling for tenders for establishment of R.O. system by the Service Provider in the concerned locality / habitation having quality problem. The assessment of the quantity of water for purification and supply to households have to be done carefully excluding the good sources of water and families served thereunder.

*p.t.o.*

:2:

- (c) The company / firm / supplier selected through the competitive bidding process for putting up the R.O. system would maintain a log book in the format to be prescribed by the Engineer-in-Chief (RWS&S), Hyderabad indicating supply made to each family / household of the locality at their doorstep. Any denial to any family would be appropriately penalized by a suitable clause in the contract.
- (d) There will be capital subsidy of 50% of the estimated cost to be specified upfront before calling for competitive price bid for selection of Service Provider. The above subsidy amount will be payable after installation and supply of water by the service provider at least for a month in the concerned locality / habitation as per the strict assessment of quantity of supply to avoid unnecessary expenditure.
- (e) The above capital grant will be met from the ARWS grant as per the norm in this regard.
- (f) The Panchayat can use the 12<sup>th</sup> Finance Commission Grant to make regular monthly payment to the service provider on the basis of the recorded log book information of delivered water subject to the maximum of the contracted quantity fixed as per assessment under point 2(b) above. This will be properly supervised by the RWS Department at the field level.
- (g) The sludge disposal after treatment of water by the R.O. system has to be planned carefully and the same has to be assessed by the concerned Executive Engineer and incorporated in the bidding document before bids are called so that the cost of the same is factored into the bid price.
- (h ) Other technical specifications and parameters of the water quality after treatment will be specified in the tender document before the competitive bid is floated for establishment of R.O. Plant in each of the locations.

...3/-

:3:

3. The Engineer-in-Chief, (RWS&S), Hyderabad is hereby directed to take all necessary actions in this regard including technical and locational aspect of the R.O. Plant consistent with the above guidelines. It must be ensured that the R.O. Plant processes water drawn for the quality affected sources only. The capital subsidy to be made available to the service provider will be informed to the Government for sanction after their proper assessment have been carried out by the Engineer-in-Chief, (RWS&S), Hyderabad.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH )
